FOR IMMEDIATE RELEASE

STATE ROUTE 4 FULL FREEWAY CLOSURE IN THE PITTSBURG/ANTIOCH AREA

CONTRA COSTA COUNTY – The California Department of Transportation (Caltrans) and the Contra Costa Transportation Authority (CCTA) are widening State Route 4 (SR-4) through Pittsburg and Antioch. As part of this construction work, the contractor will be shifting eastbound SR-4 traffic onto a portion of the recently completed pavement in the vicinity of Loveridge Road. In order to ensure crew and public safety during this work, the contractor will close all lanes of SR-4 in the eastbound direction at Loveridge Road on Friday morning June 7 from 12:30 am to 5:30 am, and on Saturday morning June 8 from 1:30 am to 7:00 am.

The detour for this work will be as follows:

- Eastbound motorists will be directed off the highway at Loveridge Road and immediately back on the highway at the eastbound SR-4 on-ramp from Loveridge Road. For detour map, please see attachment.

The Highway 4 projects include improvements to the entire project corridor that will help revitalize eastern Contra Costa County. The projects expand Highway 4 from four to eight lanes between Loveridge Road and SR-160, and add a BART extension from Pittsburg to Antioch (eBART). The projects will also expand the highway from two to four lanes from Lone Tree Way to Sand Creek Road. This will greatly improve transit accessibility for the region and help reduce traffic congestion and enhance the quality of life for the more than 250,000 residents of eastern Contra Costa County. The projects have been carefully staged to keep 130,000 vehicles per day moving as major construction and demolition work continue, and include over \$1.3 billion in State, Federal, Regional Bridge Toll, and Contra Costa Measures C & J sales tax funds.

Caltrans and CCTA appreciate your patience as we work to improve the highways. For the most current information on all SR-4 corridor closures please visit our website at: <http://4eastcounty.org>.
