**Subject:** Re: Termination of Lease Agreement

Good morning Con,

I am very surprised by this email.

When did we start to look at the Community Center as a location for this new dept.? Why would we think that it would be ok to give a 30 day notice to a Federal elected official who has been there for quite sometime? Has the Congressman been there since we opened the Community Center?

Congressman McNerney sees our constituents there on a regular basis, and some of those individuals are our veterans.

How much research have you completed into those who lease portions of that building? Since you have only been CM for a short period of time, 15 days (?), I would assume you've not had ample time to properly vet the effects of these actions, one example of this would be the city attorney not being a party to the emails being forwarded. When did you come up with the notion to use the Community Center for this dept.?

We just approved on the consent agenda on Tuesday the expense of hiring an independent evaluation of the Resource building on 10<sup>th</sup> St., (old police building). Why would we spend money to do that when it was your intent to use the Community Center? We authorized up to \$50k to have the evaluation completed, that would be a waste of taxpayers' funds. That would not be financially sound move on our part.

Should we not have had the city attorney look at the lease prior to having the Director of Recreation reach out to the Congressman's office? Why was it his responsibility and not yours or the city attorney's.

To be totally honest with you I am blown away by this move, not sure that I am happy about it either. We need to maintain an amicable relationship with the Congressman, to make sure he is in our community so that he is accessible to our community.

I look forward to a discussion regarding my questions, what day and time works for you?  
Lori O.
