

Harry Thurston's Reason to Serve on the Antioch Police Oversight Commission

&

BIO

I wish to serve on the Antioch Police Oversight Commission to be a conduit for community oversight on the Antioch Police Department (APD) funding, policy and procedures, staffing, disciplinary cause/actions, training and budget allocation, reporting up to the Antioch City Council. I believe the act(s) of policing needs to be fully endorsed by the community that grants such extreme rights to the APD to do the community's policing.

Harry Thurston's Bio
