What do you see as the basic purpose of the public schools?

To provide the best education and preparation of the youth for the growth into adulthood.

What is the role of the school board in the fulfillment of that purpose?

To make sure that all resources are being utilized for teaching staff and students for there education.

What could be done to help improve communications and relationships among the board, staff, students, parents, and community?

What should be the relationships between the board members and the administration in the handling of school concerns?

Board and school Admin building relationships to build working knowledge of each school.

In what area of function as a board member would you have a particular interest or skill (i.e., public relations, budget, negotiations, evaluation, long-range planning, facilities, policy, etc.)?

As a Product manager I have a strength in identifying areas of strength and areas in need of improvement, with that being said I would be able to work in negotiations, evaluations and public relations.

What do you see as the strengths of the Antioch Unified School District?

The many choices of schools for specific education needs for all youth.

What do you see as the areas of most needing improvement in the school district?
The lack of public acknowledgement of academic achievement of the students to promote the positive that the Antioch Unified Schools have to offer.
