I am running for supervisor because Contra Costa County is in
need of effective leadership to address public safety issues,
properly staff our Sheriff's Department and fire stations, to build
trust with employee groups, and build collaborative community
partnerships.

I HAVE PREPARED AND EDUCATED MYSELF TO LEAD - As a
leader with an MBA in Leadership and a BA in Pastoral Studies I
have the education and experience in creating and implementing
a clear strategic plan to hold organizations accountable to solve
problems.

I HAVE LED - As the only candidate who is a directly-elected
mayor of Antioch, the largest city in District III, and 24-year law
enforcement veteran police manager (retired), I have unique
experience in addressing issues such as protecting our water
rights, reducing crime and blight, paying down unfunded liabilities
and pensions, and fiscal stewardship.

I AM LEADING - As mayor I serve as a director for various
boards and commissions in the county. For example, as chair
of Delta Diablo Sanitation, we received the prestigious "Catalyst
of the Year" award. This award was provided to Delta Diablo for
leadership, collaboration and innovation. I was also elected as
chairman of the Contra Costa County Conference of Mayors,
which allows me lead the mayors in the county in discussing
important issues such as Delta Protection, Transportation, and
confer with our legislators.

I WILL LEAD - with excellence and integrity and I will lead the
charge in restoring trust in county leadership.

Therefore, I respectfully request your vote.

Thank you,
Wade Harper
