1	Q Oversee it.	1	what the event was about, something like that?
2	Do you have any understanding as to why that	2	A Correct. Also the officer assigned to the call
3	particular bureau is within the Police Department?	3	and any of their supplements that they added to it.
4 5	A It's been there ever since I've been there, so I don't know the rationale at the time.	4 5	Q Do you have any sense of how many hourly sworn officers there are, presently?
6	Q Does the Police Department track hours as far	6	A I'd be guessing.
7	as the types of activities that various staff, including	7	Q Okay. We don't want that.
8	sworn and unsworn officers, or personnel, perform?	8	By the way, I didn't mention, if you need a
9	A Can you be more specific?	9	break, feel free to let me know. We can
10	Q Yeah. So in my line of business I keep very	10	A Thank you.
11	close time records regarding the different activities	11	Q happily take one. I'd ask that you not ask
12	that I perform on a day-to-day basis. So I'm wondering	12	for a break while a question is pending.
13	if there are any records that the Police Department	13	A Understood.
14	maintains that would allow somebody to determine how	14	Q Thank you.
15	much time overall the Police Department spent on	15	Okay. Let's take a look at the next page of
16	patrols, investigations, animal control activities,	16	this document. I'm going to ask you to take a look at
17	traffic, et cetera.	17	the first paragraph at the top that's under the bold,
18	A In general, no, unless it was an overtime issue	18	"Mission Statement." Do you see that?
19	where somebody was held over. So for example, if we	19	A I do.
20	have an officer that has to go to court and it's at the	20	Q I'm going to read it into the record: "The
21	end of their shift and it's overtime, that would be	21	mission of the Antioch Police Department, in partnership
22	tracked. If it's overtime for court on their day off,	22	with our community, is to promote the quality of life in
23	that would be tracked. But what exactly they're doing	23	Antioch by proactively reducing crime with integrity and
24	would not be.	24	commitment to excellence."
25	Q Are your sworn officers salaried employees?	25	Is that what you understand the mission
	17		10
	17		19
1	A They're hourly up to the rank of sergeant.	1	statement to be, the Police Department's mission
2	Q But when they complete their time sheets,	2	statement to be?
3	they're not identifying the types of activities that	3	A Yes.
4	they spent in any given week in any pay period; is that	4	Q Did you help draft that or is that something
5	correct?	5	that existed prior to your tenure?
6	A No, that's not correct.	6	A It probably existed prior to my position as
7	Q Okay.	7	chief, but I'm sure I was part of the drafting process.
8	A So, for example, if somebody was off on	8	Q Would you agree that reducing crime is a
9	vacation, there's a line for vacation. If there's a	9	benefit to the community at large?
10	if they attended court, there's a line for court. And	10	A Yes.
11	there's a whole host of different things that people	11	Q So it benefits people working in the city,
12	have to account for their time for.	12	correct?
13	Q Okay. Well, I guess I'm trying to get a sense	13	A I'm not sure how it would benefit the people
14	of how detailed those activities are stated on the time	14	working.
15	records or anywhere else.	15	Q It would benefit anyone within the city's
16	A It's not very detailed.	16	jurisdiction, and that would mean people renting
17	Q Are calls for service tracked?	17	properties, it would mean people owning properties, it
18	A Yes, through dispatch.	18	would mean people passing through, it would mean people
19	Q And what information is actually tracked when a	19	working in the city during the course of the day. Is
20	call comes in?	20	that right?
21	A The time it comes in, the time it's dispatched,	21	MR. COLE: I'll object that the term "benefit"
22	the time the officer arrives, the time it's closed, and	22	is vague and ambiguous.
23 24	whatever information is added into the call dispatch	23 24	BY MR. BENINK:

2	because they're still going to be doing something. If	2	forth?
3	you're talking about reducing workload, I don't think	3	A And swimming pools and yes.
4	it's necessarily going to reduce workload because	4	Q Does that have a more formal name, like
5	they're going to be doing other things.	5	Prewett?
6	Q Who would be doing other things?	6	A Prewett Water Park.
7	A The officers that are working.	7	Q Can you spell that?
8	Q I guess what I'm getting at is, the Police	8	A P-R-E-W-E-T-T.

A What I quickly skimmed, yes. Q Just so I'm clear, the reference to 2015-2017 budget, the dates the effective dates would be July 1, 2015, through June 30th, 2017; is that correct? A My understanding, yes. Q If you just look at the first page, this is page 118, it says the first paragraph describes the Police Department. I'm going to read it out loud: "The Antioch Police Department is charged with the enforcement of state" I'm sorry "of local, state, and federal laws and with providing for around-the-clock protection of the lives and property of the public. The Police Department functions as an instrument of public service and as a tool for distribution of information, guidance and direction." Is that a correct statement? A Yes. Q Is it fair to say that the Police Department does not have any records that you could refer to which would identify how much police resources are devoted specifically to the protection or the service of the water enterprise or the sewer enterprise? A I would say that's a correct statement. Q Can you turn to page 123 of this document. A Okay. Q I'm going to look at the column that's labeled "Proposed," 2015-2016. It's shaded. A Uh-huh.
